

PREMIUM MAX

Ideal for established studios

Your needs

- Professional studio management with extensive functions.
- Automation of processes and more efficiency in handling requests.
- Central booking system for standard and special cases in the class offering.
- Efficient administration for holidays and absences.
- Video portal for digital training.

Product description: The Premium MAX offers a professional solution for member administration and a booking system with many helpful features. Stay close to your customers and work together with different instructors/trainers in a team - Premium MAX is there to support you. The package is ideal for established studios who want to make their life easier with this comprehensive package. Moreover, it includes all the features you need to offer a video portal to your members.

Cleverly combined: Is often combined with the add-ons «Payment by installments», «Automatic account blocking for non-payment» and «Shift schedules».

Everything from Premium BASIC

Save a lot of time with a modern booking system and extensive member administration.

Professional administration

Versatile functions enable efficient processing - even for complex customer inquiries.

Solutions with a lot of comfort

Create more customer focus and comfort for the team and members.
